Barnes Noble Classics pulls together a constellation of influences—biographical, historical, and literary—to enrich each reader's understanding of these enduring works. It is no exaggeration to say that all Western literary criticism flows from Aristotle. In the Poetics he focuses mainly on drama, especially tragedy, and introduces ideas that are still being debated more than two thousand years later. Among them is the often misunderstood theory of the unities of action, place, and time, as well as such concepts as: art as a form of imitation, and drama as an imitation of human actions; plot as a drama's central element, and reversal and recognition as important elements within a plot; and the purging of pity and fear from the audience as the function of tragedy. Rather than offer these ideas merely as abstract theories, Aristotle applies them in cogent analyses of the classic Greek drama—the tragedies of Aeschylus, Sophocles, and Euripides. In the Rhetoric, Aristotle turns...
