Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Government in Missouri: Local, State, and National In writing this book I have had in mind the needs of the children in the elementary schools of Missouri. As most of these pupils will not attend a high school or college, they should receive their training in citizenship before they leave the elementary school. It has been the primary aim to develop in the pupil some appreciation of his membership in the state, and the rights and duties arising therefrom. Hence the text begins with the family and school, township and county, city and village, - agencies of government with which the pupil is or may be made familiar through the facts of his daily life. From these organs of local government the pupil can proceed to those of the state and national governments. In order to retain his interest in these wider fields, there has been introduced much material dealing with the activities of government as well as its organization. Care has been taken to present the actual operation of the government machinery. Recent important developments in Missouri, such as the direct primary and the initiative and referendum, have been explained. Much attention has also been given to the workings of the national government with particular reference to its new activities in the postal system, regulation of commerce, etc. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
