Moments later, the man throws himself into the path of an incoming train, but not before a letter falls from his pocket; a letter with a strange symbol connected to Charltons past. Meanwhile, at an upscale rehabilitation clinic, a young soldier is being treated for memory loss. But when he examines the journal he has been keeping of his recovery, he discovers something impossible: hes been in two places at once. Before long, the two are bound together by a secret buried in time, and must navigate the complex relationship between a prominent and influential British politician, the enterprising criminal family that runs Londons underworld, and a shadowy organisation that will stop at nothing to protect and continue their research.
