HarperCollins Publishers Inc, United States, 2018. Paperback. Condition: New. Language: English . Brand New Book. Bone-chilling. -Publishers Weekly (Starred Review) One of the best in the series. -Booklist (Starred Review) To save mankind's future, the members of Sigma Force must make a devil's bargain as they join forces with their most hated enemy to stop an ancient threat in this gripping adventure from #1 New York Times bestselling author James Rollins. Off the coast of Brazil, a team of scientists discovers a horror like no other, an island where all life has been eradicated, consumed, and possessed by a species beyond imagination. Before they can report their discovery, a mysterious agency attacks the group, killing them all, save one: an entomologist, an expert on venomous creatures, Professor Ken Matsui from Cornell University. Strangest of all, this inexplicable threat traces back to a terrifying secret buried a century ago beneath the National Mall: a cache of bones preserved in amber. The artifact was hidden away by a cabal of scientists-led by Alexander Graham Bell-to protect humankind. But they dared not destroy it, for the object also holds an astonishing promise for the future: the very secret of life after death. Yet nothing stays buried forever. An ancient horror- dormant in the marrow of those preserved bones-is free once more, nursed and developed into a weapon of incalculable strength and malignancy, ready to wreak havoc on an unsuspecting world. To stop its spread, Commander Grayson Pierce of Sigma Force must survive a direct attack on the island of Maui. To be there first has always been the core mission of Sigma Force, a covert team forged to be America's front line against emerging threats. But this time, even Sigma may not be able to decipher the deadly mystery, one...
