Reviews

A must buy book if you need to adding benefit. I have read through and i also am certain that i will likely to read through once again yet again in the future. Its been designed in an exceedingly simple way and is particularly merely after i finished reading this publication by which really modified me, modify the way i think.

(Mrs. Jacquelyn Gutmann)

THE INCREDIBLE THEORIES OF FINANCE (PAPERBACK)

Createspace Independent Publishing Platform, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.
The existing paradigm in academic finance has dominated finance education, practice and regulation for over 40 years. Yet as a scientific explanation of its subject it is a failure that has led time and again to financial disaster. This book describes the models of the existing paradigm, the extraordinary principles on which they are founded, and why they imply a trivialised world fundamentally different from reality. In doing so it articulates the misgivings of generations of finance students, and exposes the consequences of the academic capture of the financial sector.
